Refuse Bag 120L transparent 250 bags

The transparent refuse bags with a capacity of 120 litres offer a practical and reliable solution for everyday waste disposal. Thanks to their generous volume, they are ideal for larger amounts of waste in restaurants, hotels, offices, commercial businesses and private households. The transparent material allows the contents to be checked easily and makes waste separation easier. The practical bulk pack with 250 bags offers an economical solution for businesses with regular waste volumes and ensures clean and efficient waste disposal.
