# Nocco Stellar Blend, Can

Carbonated, sugar-free functional drink from the Focus series. In taste, the flavour combines exotic pineapple with mangosteen, resulting in a tropical-fresh, slightly sweet-sour aroma with a sparkling finish. The can is clearly geared towards performance: caffeine provides increased alertness, complemented by B vitamins such as B6, B12 and niacin, which support energy metabolism and can reduce tiredness. The drink also often contains green tea extract. The texture is light and refreshing, without sugar or fat, putting the focus on taste and functionality. The drink is especially popular as a cold, quick source of energy for training, work or on the go.
