Fever-Tree Mediterranean Tonic

aromatic diversity of the Mediterranean region straight into the glass. The high-quality premium tonic impresses with a harmonious combination of Mediterranean herbs, fine citrus notes and a pleasantly mild bitter note. Natural essences of rosemary and lemon thyme give the drink its unmistakable, aromatic character. Compared to classic tonic water, the bitterness is more subtle, so that the fresh, floral and spicy aromas come out particularly well. Whether neat on ice, as a non-alcoholic aperitif or as a mixer for high-quality Gin Tonic creations - Fever-Tree Mediterranean Tonic provides an elegant taste experience. It pairs particularly well with Mediterranean and floral gins.

Artikelnummer	10031
Artikelname	Fever-Tree Mediterranean Tonic
MwSt.%	2.6
Basiseinheit	Feve-Tree
EAN-Code	05060108450539
Smallest sales unit	Carton
