Red Bull The Winter Edition - Pistachio & Forest Berry

Combines the fruity character of forest berries with fine, nutty pistachio notes into an extraordinary wintry taste experience. The fruity-nutty combination gives the energy drink a special seasonal character and makes it an exciting alternative to classic Red Bull flavours. The proven Red Bull formula with caffeine, taurine and B vitamins provides the characteristic energy kick. A 250 ml can contains 80 mg caffeine and 27 g sugar. Best enjoyed well chilled - neat, on the go, at after-work or as a special mixer for wintry long drinks and cocktails.
