Corona Cero Glass

Corona Cero is the non-alcoholic version of the world-famous Corona Extra and stands for full flavour at zero percent alcohol. Brewed from selected ingredients, it impresses with its light, clear colour and its refreshingly light character. Mild and grainy on the nose, balanced on the palate with fine malt sweetness, subtle hop bitterness and sparkling freshness. The finish is pleasantly clean and short. Corona Cero is ideally served ice cold, preferably with a lime wedge, and is perfect for conscious enjoyers, sporting activities, drivers or relaxed occasions without alcohol.

Artikelnummer	20030
