# Vitamin Well Recover, PET

Functional soft drink developed especially for recovery after physical activity. It combines fruity taste with vitamins and minerals that can support the body after sport. The drink contains, among others, vitamin C and B vitamins, which help reduce tiredness and support energy metabolism, as well as minerals such as magnesium and zinc, which play an important role in muscle function and recovery. Vitamin Well Recover is a still, low-calorie drink without carbonation and is ideal after training, during sporting exertion or as a refreshment in an active daily life.
